

**Randa Accessories**, the world's largest lifestyle accessories supplier to the retail industry, is seeking an Industrial Engineering Intern for its McCarran, NV (Reno) Distribution Facility.

The ideal candidate will have strong written and verbal communication skills; ability to work independently and/or with a team; handle multiple tasks with the ability to prioritize work in order to meet deadlines; work with a highly diverse workforce; have demonstrated expertise with computer applications, specifically Microsoft Word, Excel, Access, and AutoCAD 2014.

**Responsibilities include:**

- Assist Industrial Engineer with time and motion studies
- Methods development and overall efficiency improvement
- Plant and facility layouts; work space design; ergonomics and safety
- Create and maintain departmental processes and procedures

**Requirements for this position are:**

- Interest in Logistics Management or Industrial Engineering
- Experience in Distribution Center environment, but not required
- Minimum of 20 hours per week (4 hours per day minimum)

**Please email resume to:**
