POSITION TITLE: Engineering Intern

POSITION LOCATION: Fernley, NV

POSITION DESCRIPTION:

The Intern assists manufacturing engineers, engineering manager, and production supervisors for tasks involving manufacturing issues, projects, and new product development. The Intern will work full time (approximate of 40 hours per week) during the summer of 2017. The internship will last 8 to 12 weeks.

Duties include, but are not limited to:

- Participate in site safety programs designed to assure safe working conditions and eliminate any workplace accident
- Create and review maintenance department documents
- Assist in continuous improvement projects to improve function within the maintenance function
- Assist in spare parts inventory projects to ensure most efficient and cost effective storage solutions
- Work in a fast-paced manufacturing environment
- Create maintenance department inspection documents using Word or Excel
- Data entry of all documentation for the maintenance department including inventory and inspection
- Conducts trials and collects data to assist in analyzing problem areas
- Participate in meetings and document results of studies and evaluations

PREFERRED QUALIFICATIONS:

- Interest in the fields of mechanical engineering, industrial engineering, and manufacturing
- At least two years of college education in a relevant area of study
- Excellent verbal, written, and presentation skills
- Knowledge of Excel, Word, and AutoCAD
- Enjoys working hard and is action oriented and full of energy for the things that will move the business
- Attends to the important and relevant details that are needed to achieve business results
- Makes good decisions based upon a mixture of analysis, wisdom, experience, and judgment
- Uses time effectively and efficiently
- Dedicates self to providing the highest quality products and services, which meet the needs of the business and internal and external customers

SALARY INFORMATION: Hourly wage of \$15 per hour

HOW TO APPLY:

Interested students should apply by submitting a resume and cover letter to Jackie Preston (jpreston@trex.com).
