POSITION TITLE: BIM/CAD Design Associate

POSITION LOCATION: Reno, NV

POSITION DESCRIPTION:
Gabbart and Woods Structural Engineers is a team of lead professionals who have partnered around the principles of service, creativity, and collaboration. The company’s Reno studio is seeking a BIM/CAD Design Associate to help in the production of structural working drawings. The Design Associate will develop structural models including details to complete a structural drawing package for construction. Most models will begin with an architectural background either in AutoCAD (or other CAD tool) or a model in Revit. The associate will use the background to create a structural model containing the structural system, cut necessary sections with direction from the engineers, and complete the details with structural notes. This is a full-time position.

PREFERRED QUALIFICATIONS:
- Two or more years of Revit experience
- BS in Civil Engineering or strongly related field
- Strong interpersonal and written and oral communication skills
- Knowledge of other CAD tools is appreciated

HOW TO APPLY:
Interested applicants should email their resumes and cover letters to Mandy Hollback at mandy@gabbartandwoods.com.
