POSITION TITLE: Quality Engineering Assistant (Intern)

POSITION LOCATION: Reno, NV

POSITION DESCRIPTION:
SA Automotive is seeking a Quality Engineering Assistant (Intern) to join the team. The Intern’s job is to assist the Quality Department with multiple tasks as it relates to the launch of the Tesla program. The Reno, Nevada, plant is a startup facility and will require someone who is willing to handle different tasks on a regular basis depending on the current state of plant and systems quality needs. Hours can range between part-time and full-time and take place between January 2018 and July 2018. The Intern reports to the Quality Engineer. Responsibilities include, but are not limited to:

- Creating data structures for analysis
- Assisting with implementing quality systems for shop floor
- Writing and updating

QUALIFICATIONS:

- Engineering or business course work preferred
- Computer skills: intermediate level Excel and PowerPoint
- Detail-oriented
- Good written and verbal communication skills

HOW TO APPLY:
Interested applicants should send in a resume and cover letter Wannetta Garman at Wannetta.Garman@saautomotive.com.
