POSITION TITLE: Graduate Engineer/Engineering Intern

POSITION LOCATION: Las Vegas, NV

POSITION DESCRIPTION:

RCI Engineering is seeking an energetic and highly-motivated self-starter to join the team as a qualified individual ready to begin their career growth on the right path. As a Graduate Engineer/Engineering Intern, the successful candidate will participate on project design teams for all types of land development projects. This entry-level position will be responsible for the design and production of plans and project documents under the guidance of the Project Manager and the Project Engineer. The successful candidate will work closely with engineers to prepare original drawings and revisions of residential and commercial civil engineering projects using AutoCAD, Civil 3D, and other software. The role will also involve working with multidisciplinary teams through the planning, design, and implementation phases of projects.

QUALIFICATIONS:

- Minimum of a Bachelor's degree in Civil Engineering with an Engineering Intern (EI) certification and basic knowledge of AutoCAD
- Experience in civil engineering design with a focus in land development and Civil 3D is preferred, but not required

HOW TO APPLY:

Interested applicants should send in resumes to Amy Armstrong at aarmstrong@rcinevada.com.
