POSITION TITLE: Civil Engineer

POSITION LOCATION: Roseville, CA

POSITION DESCRIPTION:
KPFF Consulting Engineers is a multi-office, multi-discipline engineering firm. KPFF Consulting Engineers has full-time and part-time opportunities for civil engineers at all experience levels. As a new civil engineer, the successful candidate will first learn to design utilities and develop grading plans using Civil 3D. The more experienced engineer will start with the company by working alongside other experienced engineers and help the successful candidate manage projects and develop clients to the point of running a business within a business. Entry-level engineers have the opportunity to assist with designing projects and calculations and developing plans using AutoCAD Civil 3D while working with other engineers and CAD drafters.

MINIMUM QUALIFICATIONS:
- Bachelor’s degree in Civil Engineering

PREFERRED QUALIFICATIONS:
- Engineering-in-Training certification

HOW TO APPLY:
Interested applicants should apply online.
