POSITION TITLE: Summer Intern

POSITION LOCATION: Reno, NV

POSITION DESCRIPTION:
Black Eagle Consulting, Inc. is looking for a college student that is interested in learning about geotechnical engineering and would like some lab and field experience. Possible tasks include performing soil analyses and breaking concrete in the lab or working on mass grading/utility backfill projects in the field.

QUALIFICATIONS:
- Completion of Fundamentals of Geotechnical Engineering course and lab (CEE 442) is preferred, but is not required
- Completion of OSHA 10, Nuclear Density Gauge Safety Course, and/or ACI Field Technician certification(s) are a huge plus

HOW TO APPLY:
Interested applicants should send their resume to Lindsey Owens at lowens@blackeagleconsulting.com.
