POSITION TITLE: Associate Staff Engineer I

POSITION LOCATION: Carson City, NV

POSITION DESCRIPTION:

Nevada Department of Transportation (NDOT) provides, operates, and preserves a transportation system that enhances safety, quality of life, and economic development through innovation, environmental stewardship, and a dedicated workforce.

NDOT is seeking an Associate Staff Engineer to join the team within the Structures Division. Incumbents will perform bridge load ratings and provide technical and administrative support for the Consultant Load Rating Program. Incumbents will also assist NDOT's over-dimensional permit section and perform special bridge inspections to determine load rating impacts of damage deterioration. This position may be used to under fill for a professional engineer.

MINIMUM QUALIFICATIONS:

- Certification by the Nevada State Board of Professional Engineers and Land Surveyors as an Engineer Intern, a Bachelor's degree from an accredited college or university in Civil Engineering or a closely related field, two years of journey-level technical experience equivalent to an Engineering Technician III in state service, or an equivalent combination of education and experience

HOW TO APPLY:

Interested applicants should apply [online](#).
