POSITION TITLE: Survey Technician

POSITION LOCATION: Elko, NV

POSITION DESCRIPTION:
Layne is a global water management, construction, and drilling company that provides responsible solutions for water, mineral, and energy resources. The company’s philosophy of responsible growth guides the company in consistently doing the right thing for the people, the environment, the company, and the clients that they serve every day.

The company is currently seeking a well-founded, motivated individual with a desire to work in a dynamic and challenging industry to take on the role of Survey Technician. Primary responsibilities include, but are not limited to:

- Operating an array of borehole deviation tools to provide clients with detailed directional data in both surface and underground applications
- Operating independently with little or no supervision
- Using new, state-of-the-art equipment
- Working at remote domestic and international job sites

QUALIFICATIONS:
- Valid driver’s license with a clean driving record
- Be able to routinely lift heavy equipment (up to seventy pounds)
- Must have basic computer skills (ability to generate Word documents and work within Excel)
- Willingness to travel
- Can work in both surface and underground applications
- No experience is required (mining-related experience is preferred)

HOW TO APPLY:
Interested applicants should apply online.
