Dynamic Isolation Systems

www.dis-inc.com

POSITION TITLE: Project Engineer

POSITION LOCATION: McCarran, NV

POSITION DESCRIPTION:
Dynamic Isolation Systems is the leader in earthquake protection for buildings, bridges and equipment throughout the world. We have completed 450 projects in 23 countries. Dynamic Isolation Systems are seeking a Project Engineer to join their talented engineering team.

This position entails working in a small technical group to prepare designs, proposals, bids, and test reports. DIS has many new products and ongoing R&D. The project engineer will also provide technical support and design new products. Essential duties and responsibilities include, but are not limited to:

- Design and detail seismic isolation and damping systems for buildings, bridges and equipment.
- Review and preparation of isolation designs, submittals, budgets and proposals.
- Design, detail and test new products.
- Interface with customers during project development and execution.
- Preparation of design submittals and test reports.
- Technical support for sales enquiries.
- Production engineering support.

DESIRED MAJORS: Civil Engineering

MINIMUM QUALIFICATION:
- Bachelor of Civil Engineering degree with an emphasis on structural engineering, a Master’s degree is preferred.
- Familiarity with current codes including ASCE 7 and AASHTO.
- Ability to read and learn other codes as necessary.
- Experience using industry software, including SAP2000, ETABS, Mathcad, and AutoCAD.
- Strong computer skills, MS Office applications, primarily MS Excel and PowerPoint.
- Strong verbal and written communication skills.
- Must be fluent in speaking and writing English. Spanish is a plus.
- Pre-employment drug screen required.

POSITION STATUS: Permanent; full-time

SALARY, WAGE AND/OR BENEFIT INFORMATION:
Compensation is competitive and commensurate with experience. Salary range will be disclosed upon request. We offer excellent benefits including 100% paid medical/dental insurance for the employee, PLT (paid leave time), and a 401K plan with employer matching.

HOW TO APPLY:
Interested students should send a cover letter and resume to personnel@dis-inc.com. The application deadline is July 1, 2019.
