PK Electrical

pkelectrical.com

POSITION TITLE: Electrical Engineering Intern

POSITION LOCATION: Reno, NV

POSITION DESCRIPTION:
PK Electrical, Inc. is a self-performing electrical engineering, design, and consulting firm established in 1996. PK Electrical is headquartered in Reno, Nevada, and has a second office in Denver, Colorado. Our dynamic team has experience in design, specifications and construction administration services for many project types that include airports, healthcare, transportation, K-12 and higher education, low voltage, and sports facilities/parks to name a few. We are the regional leader in the industry and are committed to the idea that happy employees lead to happy clients. We are always looking for the right people to build our team. If you are a confident, positive, highly motivated person and think that PK Electrical sounds like the place for you. Essential Duties and Responsibilities include

• Shadowing designers/drafters
• Assisting with design and drafting work
• Attending site visits with designers and engineers, allowing for hands on experience
• Learning about lighting design
• Learning about power system upgrades: NEC code book, distribution boards, transformers, voltage drop, ground fault, short circuit, fire alarm design, and receptacles
• Collaborating with project engineers to assist in the production of electrical plans.

MINIMUM QUALIFICATION:
In order to be qualified, you must meet the following requirements:
• Must be in your junior or senior year of college and studying Electrical Engineering
• Proficiency with MS Office required
• Must have strong attention to detail and effective communication skills for a fast-paced environment
• Some experience in Computer Aided Drafting, including current version of AutoCAD and Revit MEP is a plus

DESIRED MAJORS: Electrical Engineering

SALARY, WAGE AND/OR BENEFIT INFORMATION:
Over the past 23 years, PK Electrical, Inc. has developed and implanted a company culture that is positive, empowering, and supports personal and professional growth. PK Electrical employees experience a vibrant environment and a plethora of workplace perks including, and not limited to:
• Paid internship
• Training & development
  o Generous paid continuing education program
  o Lunch and Learn opportunities (free lunch!)
• Team culture & environment
  o Fun company events
  o PK Wellness program
  o Community involvement
  o PK bimonthly company lunches

HOW TO APPLY: Interested students can email their résumé to sturner@pkelectrical.com
