POSITION TITLE: IT Intern

JOB LOCATION: Reno, NV

POSITION DESCRIPTION:
Legrand has an exciting opportunity for an IT Intern to join the Server Technology Team in Reno, NV. Seeking a college/graduate student for a summer internship. The intern will assist in the IT business applications tasks including business processes analysis around critical business applications, especially the ERP and PLM systems. The intern will learn about IT service management and ITIL framework, put that in practices, and participate in business requirements gathering, compilation, and analysis and solutions design under the instructions of senior IT members and outside consultants.

Some of the duties and responsibilities include but are not limited to:
- Business requirements gathering and compilation, gap analysis and solutions design.
- Simulation of business processes execution in the proposed solutions.
- Software/application installation and upgrade
- IT service management analytics

MINIMUM QUALIFICATION:
In order to be qualified, you must meet the following requirements:
- At least 3 years of college education, bachelor’s degree preferred.
- Prior work experiences in CRM, PLM, ERP or SCM desired.
- Knowledge of MS Office applications/Office 365
- Interest and willingness to learn ITIL Foundation
- Strong analytical skills; experiences with C# and or python
- Effective oral and written communication skills.
- Strong organizational and planning skills and attention to detail.
- Ability to work independently and meet deadlines.
- Ability to work in a team environment.

PREFERRED STRENGTHS:
- Attention to detail
- Communication
- Organization
- Ability to multi-task
- Ability to learn independently

HOURS PER WEEK: Up to 29 Hours per week

DESIRED MAJORS: Computer Science & Engineering
