POSITION TITLE: Civil Engineer

LOCATION: Reno

POSITION DESCRIPTION:
CTA is a Civil Engineering and Surveying Firm, headquartered in Rancho Cordova, CA, which specializes in Land Development of residential and commercial projects. We are expanding into Northern Nevada and we are looking for talented individuals to join our team of Civil Engineers and Land Surveyors as an entry level Civil Engineer for the Northern Nevada Office.

You will have the opportunity to learn land development for a wide variety of project types including residential, commercial and municipal. Related work will include preliminary studies for circulation (roads and parking lots), grading, utilities (wet and dry) as well as reports for drainage and utilities. This position provides the opportunity to be involved in the technical project work as well as the opportunity to communicate and coordinate with other team members and other project consultants. You will also have the opportunity to grow your career through involvement in challenging projects in multiple locations posing different and unique design challenges.

While the position is located in Reno, there will be opportunities to collaborate on projects being executed from the Rancho Cordova office.

Benefits:
- Competitive compensation – DOE
- Excellent mentoring and career growth
- Accrued Personal Time Off (PTO)
- Health and Dental Insurance and Retirement Plans

QUALIFICATIONS:
- Bachelor’s Degree in Civil Engineering from an accredited university
- Registration as an EIT
- Possess strong written and verbal communication skills
- A willingness to collaborate in a team environment
- A proactive approach to timely problem solving
- Experience with AutoCAD Civil 3D design software
- Proficiency with Microsoft Word, Excel as well as other common software

DESIRED MAJORS: Civil Engineering

HOW TO APPLY: Send an email containing your résumé to: gstedfield@ctaes.net
